School of Forestry & Wildlife Sciences

AFRICAN AMERICAN ALUMNI ENDOWED SCHOLARSHIP

Fully endowed by alumni, partners, and friends in June 2016, the scholarship was first awarded for the academic year 2017-2018. The scholarship has been awarded annually thereafter.

This endowment was established in 2015 by African American alumni of the School of Forestry and Wildlife Sciences to increase the level of diversity within Auburn University and the school. *May there be many more that follow in the footsteps of the first African American graduate of the School of Forestry and Wildlife Sciences, Mr. Ernest Boyd '76.*

MINORITIES IN AGRICULTURE, NATURAL RESOURCES AND RELATED SCIENCES (MANRRS) ENDOWED FUND FOR EXCELLENCE

Full endowment is pending and fundraising is ongoing.

This permanent endowment is established by friends, faculty and alumni of the School of Forestry and Wildlife Sciences for the purpose of providing sustaining support to the Auburn University Chapter of MANRRS for its core missions and operations within the school.

The endowment is established in honor of former MANRRS Faculty Advisor Dr. Brenda M. Allen '97, Extension Specialist and Assistant Professor of Urban Forestry, upon the occasion of her retirement in December 2018.

For more information, contact Michelle Cole, MANRRS Advisor, at coleden@auburn.edu.

HOW TO MAKE A GIFT:

Support the African American Alumni Endowed Scholarship and/or the MANRRS Endowed Fund for Excellence. Give online at AuburnGiving.org/KenDay or mail check payable to the "Auburn University Foundation" at SFWS Development Office, Forestry & Wildlife Sciences Building, 602 Duncan Drive, Auburn, AL 36849.
