School of Forestry & Wildlife Sciences

Outreach

The School of Forestry and Wildlife Sciences outreach programs, conducted in partnership with community, industry, and government stakeholders, serve to educate and engage citizens regarding natural resources-related topics and issues. Thousands each year take part in the school's outreach activities which include K-12 educational programs, skill development workshops and technical seminars, field training exercises, research project assistance, and community and citizen-science programs.

HIGHLIGHTS

- 9 affiliated research centers and cooperatives
- Nearly 6,000 acres and many educational facilities used for outreach and extension
- As many as 44 faculty may participate and 5 staff members are dedicated to outreach
- 6 SFWS-affiliated faculty/extension agents and 2 coordinators
- More than 30,000 people are served annually by SFWS outreach programs and activities
- Established first nature preschool in Auburn, and one of only two in Alabama
